NOTICE INVITING QUOTATION

To

All Interested Bidders/Agencies (TPIA)
Empanelled under Quality Assurance Authority, Haryana

Subject: Invitation of sealed Quotations from the Third Party Inspection Agencies (TPIA) empanelled under Quality Assurance Authority (A Govt. of Haryana Authority) for providing Third Party Inspection on various construction & development works (costing above Rs. 1.00 Crore) at Chaudhary Ranbir Singh University, Jind.

OBJECTIVE

The TPIA has to ensure that the executing and implementing agencies have taken adequate and proper steps to ensure control of quality and have evolved a proper quality assurance plan and the work is being executed accordingly. It has to be further ensured by the agency that the work is being carried out as per Contract specification and relevant BIS specifications by deputing skilled and experienced Engineers who are experts in individual fields.

The Technical Specifications applicable to the project provide for Quality Assurance and Quality Control and Audit of the work executed by use of a Quality Management System (QMS). The basic concept of this process is that the existing executing Agency performs inspection & testing as per specifications to ensure a quality product and the Third Party Inspection Agency (TPIA) performs testing and Inspection independently as per the Guidelines of PWD/CPWD and contract agreement.

TERMINOLOGY

Quality: Quality is defined as "The totality of characteristics of an entity that bears on its ability to satisfy the stated and implied need". Quality Control is defined as the procedure adopted and controls exercised to ensure that the materials proposed to be used in production, process adopted for production and workmanships of production conform to the prescribed standards and laid down acceptance criteria. The quality control is exercised by construction agency that ensures that the defined objective is achieved through

appropriate tests, checks and inspections by suitable qualified personnel and by following correct processes, methodologies to produce the right outcome. Furthermore, the objective evidences of all tests, checks and inspections carried out from time to time are documented in prescribed formats for reference and record.

Quality Assurance of a work is defined as a process which exercises various checks at different stages of a work right from its inception till its acceptance, to put it in service to ensure that the work has been properly designed and constructed as per approved designs, drawings and specifications.

Confirmatory Testing is defined as the sampling and testing which is carried out independent of quality control sampling and testing to confirm that the executing agency results which have been reported are correct and representative, with statistical parameters of the material being produced/ processed. Acceptance is defined as those operations, inspections, sampling and accepting the tests that are conducted to determine whether the product or service will be accepted for use and payment.

Acceptance is determined using a statistically based acceptance plan in construction with assurance that the executing agency has fulfilled the quality control obligations. Acceptance is the responsibility of the client

TECHNICAL ELIGIBILITY CRITERIA FOR SELECTION OF TPIA

1. The TPIA shall be registered/empanelled by QAA for the works of Roads/Streets, Bridges, and Highways.
2. The TPIA shall have executed minimum Two (2) works costing above Rs. 20 Crore only.

SCOPE OF WORK (SERVICES)

1. The following shall be scope of services:
 - a) Review of quality Assurance plan of the executing Agency and suggest improvements that may need to be made to same to make it more effective
 - b) Creating Testing and Inspection formats, other than specifically provided in contract, and getting them approved
 - c) Testing plan of raw construction material and of field testing facilities created at site and procedures adopted to check quality of raw materials
 - d) Testing and Inspection Plan of construction activities to ensure that all critical activities are covered and quality is assured
 - e) Pre-Audit of Final bill of executing agency.
2. TPIA shall check to ensure that the site is equipped with necessary documents like copy of agreement, Contract specifications, BIS Codes, containing inspection reports, list of

approved manufactures, tools for checking quality of work & testing facilities, calibration reports of equipment being used in field lab.

3. TPIA shall check to ensure that site records like inspection register, cement register, material receipt registers, test register & site order book etc. are being maintained in prescribed forms and are being periodically reviewed by inspecting officers. TPIA shall carry out random audit of materials received at site and give feedback.
4. TPIA shall check on specific controls on various processes of execution being exercised by the executing agency which would have direct bearing on the quality of the work.
5. TPIA will develop quality plan considering provisions under CPWD Works Manual 2014 and check and confirm that all tests are being carried out as required as per mandatory tests/contract specifications/BIS.
 - (a) TPIA, keeping in view the provisions of the agreement, will indicate which test should be carried out in field lab or outside lab.
 - (b) TPIA will ensure that all the provisions of QA plan are being observed at site.
6. The work envisages that the TPIA will generally inspect the work at an interval not exceeding Two (2) months considering progress of work subject to minimum of Five (5) inspections during execution stage excluding final inspection after completion of work. Services will include post audit of R.A. bills and pre-audit of final bill. Further, the inspection is to be planned in such a way that testing of material and observations on resource plan for materials and labour are carried out so that work may progress as per milestones fixed in the agreement. The inspections are to be planned in consultation with CRSU to ensure that all critical activities are inspected.

TPIA will conduct inspection of work during execution keeping in view following two aspects:

- A) Material aspect:-** Quality & testing of material keeping in view the requirement of contract specifications, BIS marked approved products. TPIA shall conduct tests independently and/or witness the tests being carried out in the field Lab established by executing agency to confirm quality of material as per contract specifications/BIS requirements/agreement provisions. TPIA will also arrange to get conducted at least 10% tests, out of total mandatory tests. Necessary arrangements and payment for all such tests shall be made by the executing agency. TPIA will get the samples collected and seal them at site in the presence of authorized representative of executing agency and will arrange the delivery of sample to the laboratory / place chosen by the TPIA/CRSU for testing. The forwarding letter for the independent laboratory shall be prepared and signed by the CRSU with a request that the result of tests be communicated in sealed cover to TPIA only. TPIA will witness calibration of all field

laboratory equipment including Concrete batching plant to ensure that the tests being carried out by the field team reflect correct values. The TPIA will provide comments regarding the quality of sample.

B) Workmanship aspect:- Inspections by TPIA has to bring out the aspect of overall workmanship. It is to be ensured that execution of work takes place with laid down procedures and sound engineering practice and the building outcome conforms to the desired levels of functionality and aesthetics.

7. TPIA shall mention, the details of defective work observed well in time, if any, in inspection report. All such works will be classified as:
 - a. To be dismantled by executing agency as they cannot be accepted and to be re-done.
 - b. Defective works which can be accepted, being structurally safe, and which cannot be rectified at this stage and for which necessary deductions may be made from the payments proposed.
 - c. Details of defective material brought at site, which is to be removed from the site. Suggestions regarding remedial measures to be taken, if any, from time to time to ensure conformity.
8. TPIA shall check and confirm the quality of the work after verifying the removal of defects, if any pointed out during inspections.
9. If, it is observed by TPIA that defects pointed out are not removed by executing agency, this matter shall be reported immediately to the CRSU for necessary action in the matter as per agreement clause.
10. The fees payable to TPIA shall be calculated on basis on the percentage of gross value of work done by the contractor(s), up to the month of inspection. The strength and composition of the inspection team shall be decided by the TPIA keeping in view the quantum and type of works being executed at site. The TPIA shall take care of this aspect and have to ensure adequate deployment of suitable engineering professionals to ensure quality of services provided. Nothing extra on this account shall be payable.
11. A systematic plan for the above process is to be got approved by TPIA from CRSU as soon as the work is awarded to them.
12. Any dispute between Executing Agency and TPIA shall be brought before CRSU and decision of CRSU shall be final and binding for Executing Agency and TPIA.
13. RESPONSIBILITIES FOR ACCURACY OF TPIA SERVICES:
 - (a) The TPIA shall be responsible for accuracy of service provided by them. The advice and/or opinion, if any, provided shall be with documentary proof of

standards/laws/codes etc. However, decision for execution of work will be of the CRSU and no claim of any kind of TPIA will be entertained in this regard.

- (b) TPIA shall be responsible for providing advice and/or opinion regarding Quality Assurance Plan prepared by Executing Agency of the work including methodology which should be adopted, Specifications, Standards & quality measure parameter etc. If there is conflict of provisions in this regard, decision of CRSU shall be final & binding on both the parties.

OTHER TERMS & CONDITIONS

1. QUOTATION SIGNING:-

The quotations must be signed by authorized signatory of the bidding firm/company on each page, along **with seal of the firm/company, as the** case may be.

2. Conditional Quotation:-

Conditional quotations are not acceptable. Hence, the supplier is advised neither to alter the specifications nor to mention anything on the quotation form, except cost, signature with seal, otherwise quotation will not be considered.

3. Contract Period:-

The initial period of contract will be for One year from the date of award of work and can be extended every year up to five year depending upon the satisfactory performance on mutual agreement and on same terms and conditions. The CRSU in its sole discretion and for any reason whatsoever decides to terminate this contract.

4. Rejection of incomplete Quotations:-

Incomplete quotations such as unsigned quotations, late submitted quotation, conditional quotation, quotation not confirming to the eligibility criteria and Technical specification or with any vague term such as 'Extra as applicable', will be considered as rejected.

5. Right to Bid rejection:-

The University reserves the right to reject any or all offers at any stage without assigning any reason.

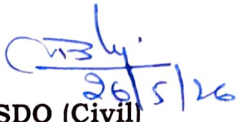

6. Performance Warranty:-

The successful bidders will be required to submit a interest free performance warranty in the form of bank guarantee equal to Rs. 50,000/- only valid upto the 60 days beyond expiry of the contract. The retention money @ 6% shall be deducted from the bill of the agency and will refunded without interest be after satisfactory completion and handover of work.

7. Schedule:-

The quotation floating date is **26.05.2026** The sealed quotation should reach in the office of **Registrar, Chaudhary Ranbir Singh University, Jind-126102** on or before **16.06.2026 up to 05:00 P.M.** The Interested bidder/firm may write clearly in capital letters on envelope **"QUOTATION for "Services of TPIA"**. The quotation will be opened on **18.06.2026 at 03:00 P.M.** in the Construction Branch, Chaudhary Ranbir Singh University, Jind in the presence of the Committee members. Interested bidder/firms and his/her authorized representatives may be present during opening of quotations. Quotation received after last date shall not be considered. Any type of delay like postage delay etc. shall not be responsibility of the University.

8. Jurisdiction: - All disputes shall be subject to Jind jurisdiction.

SDO (Civil)
CRSU, Jind

The terms & conditions of quotation have been read and I/We certify that I/We clearly understand the same and undertake for its compliance.

FINANCIAL BID
(ON LETTER HEAD OF TPIA)

To
The Registrar
Chaudhary Ranbir Singh University
Jind, Haryana- 126102

Subject: Submission of Financial Bid for providing Third Party Inspection services on various construction & development works (costing above Rs. 1.00 Crore) at Chaudhary Ranbir Singh University, Jind.

Sir/Madam

I/We _____ TPIA herewith enclose financial bids for considering our Agency as TPIA for above work as per the scope of work given under this document.

Sr. No.	Brief Description Work	Percentage Rate to be quoted (on actual completion cost of work) including all taxes
1	Providing Third Party Inspection services for various ongoing and proposed construction & development works i.e. Roads & Buildings, Power Distribution & Transmission Projects, Sewerage, Water supply & Irrigation Projects etc. (costing above Rs. 1.00 Crore) at CRSU, Jind.	

Note:

- (i) Nothing shall be paid extra from the rates quoted by the Agency.
- (ii) The agency shall attach the letter/certificate issued by the QAA for its empanelment as TPIA.

Yours faithfully,

Dated: _____
